Why should we follow Jesus?

Our greatest desire and goal in life is to get to Heaven. The best way to get there is to be authentically Catholic. To be authentically Catholic means to live, love, and follow the teachings of Christ's Church. The best way someone can learn how to do this is to spend time with Jesus in the Eucharist with an open heart. The Eucharist is the body, blood, soul, and divinity of Jesus Christ, & He created us to love, serve, and be happy with Him forever.

What is Discipleship?

Discipleship caters to every individual's needs and works to guide him or her toward a deeper relationship with Jesus Christ. This can look like two friends having lunch talking about their faith, or it can be mentoring a group of 4-5 other people. If going on a mission trip leads you to become a missionary, then Discipleship is happening. This moves beyond powerful conversion and inspires personal commitment for young people **and** adults!

What does GAP have to do with it?

GAP stands for the "Guardian Angel Principle" because everyone needs someone looking out for them and discipling them within the community. A GAP Family is a small group of like-minded friends who commit to each other on a regular basis to grow in their faith and friendship. This is a principled approach toward the person, not the program.

"We must be careful not to think of man's dignity abstractly. Each and every person—even those who annoy us or hurt us the most—has an infinite dignity. To make this truth the foundation of the way we act concretely toward others, toward every person we know and every person we encounter, we must 'break down walls,' says Pope Francis, and fill our hearts 'with faces and names' (Joy of the Gospel 274). As we do, 'our lives become wonderfully complicated.'"
